

Statement regarding compliance with California Health & Safety Code § 119402

Pursuant to California Health & Safety Code, §§ 119400 – 119402, (“California Compliance Law”), which requires pharmaceutical companies to adopt a compliance program in accordance with the Office of Inspector General (“OIG”) for the United States Department of Health and Human Services April 2003 publication “Compliance Program Guidance for Pharmaceutical Manufacturers” (“OIG Compliance Program Guidance”) and policies for compliance with the Pharmaceutical Research and Manufacturers of America (“PhRMA”) “Code on Interactions with Health Care Professionals” (“PhRMA Code”) within six months of any update or revision of the PhRMA Code.

G1 Therapeutics, Inc. (“G1”) has established a Healthcare Compliance Program in accordance with the April 2003 publication, “Compliance Program Guidance for Pharmaceutical Manufacturers,” which was developed by the United States Department of Health and Human Services Office of Inspector General and has policies in place to foster compliance with the Guidance and with the Pharmaceutical Research and Manufacturers of America (PhRMA) Code on Interactions with Health Care Professionals.

Consistent with the requirements of the California Compliance Law and as part of the Healthcare Compliance Program, G1 has established a specific annual aggregate dollar limit of \$2000 on gifts, promotional materials, or items or activities that G1 may give or otherwise provide to an individual medical or health professional in California on an annual basis from January 1 to December 31. The \$2,000 limit does not include the value of items expressly excluded by California law, including drug samples given to physicians and healthcare professionals intended for free distribution to patients.

The items and activities covered by the law and G1 policy are primarily directed to the dissemination or communication of medical and scientific information as a resource for health professionals to assist in making clinical or other medical judgments. This limit may be revised from time to time, in which case the revised limit will be published in this section of the G1 website. This limit represents a spending maximum, and the amount spent per medical or health professional may be significantly less than the maximum amount. G1 has established an internal monitoring system designed to help ensure compliance with the annual spending limit in California as well as other spending limits across the United States.

Annual Declaration (June 2023)

G1 is committed to conducting business activities in compliance with applicable laws, rules and regulations, and following the highest ethical standards in its interactions with all medical and health professionals and organizations. It is the policy of G1 that all interactions with medical and health professionals and organizations that are made on behalf of G1 are consistent with ethical business practices and socially responsible industry conduct. G1’s Healthcare Compliance Program and related policies and procedures are an expression of this core value and are intended to provide guidelines for complying with the law for all G1 personnel and agents.

To the best of its knowledge and based on a good faith understanding of the statutory requirements, G1 has established a Healthcare Compliance Program that meets the requirements set forth in California Health & Safety Code, Sections 119400-119402. G1 has tailored its Healthcare Compliance Program to meet the specific needs of G1 and continuously assesses the effectiveness of the Healthcare Compliance

Program. The Company has established an internal monitoring system designed to help ensure compliance with its respective annual spending limits in California and other similar spend limits across the United States. Therefore, subject to the limitations described above, G1 declares that, based upon current tracking and monitoring systems, G1 is materially in compliance with its Healthcare Compliance Program and applicable law, including the established annual spending limits in California for the period of January 1, 2022, through December 31, 2022.
